RAILROADS SCORED BY BISHOP CANDLER

Declares That Railways Murder and Steal.

HE SAYS PEOPLE ARE ROBBED

By Watered Stocks and Killed When They Ride on Railroads Because Managers Seek Dividends—Labor and Capital Compared.

Danville, Va., Jan. 9.—Bishop W. A. Candler, of the Methodist Episcopal church, south, delivered two sermons here to congregations that taxed the capacity of the church. He touched on various economic and political subjects, which were, however, only by the way of illustration and incidental to his main subject. He scored the carelessness and inefficiency of railroads, the Sunday newspapers, the Sunday trains, and took a "shot" at the licensed barrooms.

At the morning service Bishop Candler confined himself to the missionary work in foreign lands. "More prayers and more workers are not needed," he said, "but more consecrated Christian money to convert the heathens."

The night sermon was the more sensational of the two. Bishop Candler said that upon coming to Virginia he had read of where two robbers had held up a train and at the point of a pistol made the passengers give them their money and valuables. This offense, he said, was palty as compared with the way certain railroad directors had robbed the public by watered stock and the great amount of traffic they attempted to conduct regardless of consequences or the safety of the public.

"They regarded money and big dividends higher than they did the lives of the people," he declared. "The railroad directors should not be surprised," he said, "that two robbers should hold up a train. The robbers only frightened, the pasengers and did not kill them, like the railroads."

Speaking of capital and labor, he said that he was taking no sides on the question. He said:

"If I saw two eagles soaring toward the skies, I would enjoy the flight. Betwen capital and labor, it is who can get the most of it. It is like two vultures fighting for the biggest half of a carrion crow, and I want it understood that I am taking no part in a buzzard fight."

Bishop Candler deplored Sunday newspapers, and Sunday trains in America, and said that they would stop if the public would cease patronizing them. He could not see how conditions in a city like Danville warranted Sunday papers and trains, when they were not necessary in a place like London.

The sermon of Bishop Candler was along the lines of the commercial tendency of the present age, the struggle and the greed for gold, which the nation worshiped. He compared this era to the times of King Solomon, and predicted a downfall of America like nations of old, unless the people worshiped mammon less and God more. Both of the sermons of the bishop created a deep impression.

Wants Report on Tariff Schedules.

Washington, Jan. 9.—The state department has intimated to persons who were sent to Germany to confer with German experts and compare notes relative to the complaints against the American tariff schedule, that it would like to have a report before the middle of February. This request was made necessary by the fact that if any legislation is necessary to give effect to the recommendations of the tariff experts, at least two weeks' time will be required to perfect it.

Sentences Were Severe.

Berlin, Jan. 9.—An example of the severity of the sentences imposed by military courts has recently been given here. Two reservists after returning from shooting practice entered a dance hall where a patrol found them dancing. The men were tried [illegible] each of them was sentenced to

MURDER CHARGED AGAINST HER

Grand Jury Indicts Mrs. Stamper—Arson Charged to Two Men.

Atlanta, Jan. 9.—The Fulton county grand jury has indicted Mrs. Willie Stamper for murder alleged to have been committed last month, when a bailiff, John Dodgen, was killed at a house on Marietta street. Nothing was done with the three others who were held on suspicion, but afterwards released at a preliminary hearing before Judge Roan some time ago.

Mrs. Stamper's trial will be the most important to come up next week in the criminal division of the superior court. The father of the dead man, who is a wellknown lawyer, will assist Solicitor Hill in the prosecution, while John Moore is the leading attorney for the defendant.

True bills were also returned against Charlie Johns and Griff Freeman, who are charged with arson, it being averred that they set fire to the house in which Bailiff Dodgen was found dead, on Dec. 19, several days after Dodgen was killed.

James B. Hogan was indicted for assault to murder, charged with shooting with a pistol W. F. Adams, on Dec. 11. Mr. Adams had sufficiently recovered from his wound to appear before the grand jury Monday.

In all, twenty-five true bills were returned and three no bills. These were for assault to murder, murder, robbery, larceny after trust, arson and burglary, there being 12 indictments for the last crime.

No indictments were presented against bucket shops, some of which are alleged to be open contrary to the new state law prohibiting them which went into effect on Jan. 1, 1907.

Schmitz Admitted to Bail.

San Francisco, Jan. 9.—Mayor Eugene E. Schmitz, through his attorneys, petitioned the supreme court for a writ of habeas corpus alleging that he was being illegally deprived of his liberty. To apply for this writ, it was necessary for him to surrender a portion of his bonds, and to place himself in the custody of Sheriff O'Neill. Petition for a writ of prohibition was also filed before the higher court to prevent Judge Dunne for continuing with the trial of Mr. Schmitz. The supreme court granted the issuance of the writ, which was made returnable next Thursday when the matter will be argued. Pending the return of the writ, Schmitz was admitted to cash bail in the sum of $5,000.

"Hodwy" Flags Now Ready.

Birmingham, Ala., Jan. 9.—The first consignment of the flags bearing the motto "Howdy" which will everywhere be in evidence during the cotton convention here, will arrive this week. The initial order consists of 25,000 flags. But two problems are still confronting the general committee in charge of the big convention which assembles here on Jan. 17, one of these being in regard to incidental expenses of the convention and the other relating to the obtaining of additional accommodations for visitors and already the hotels and boarding houses are fast filling up, with still more space reservations being asked.

Georgia R. R. Train Derailed.

Augusta, Ga., Jan. 9.—Passenger train No. 3 on the Georgia railroad, Augusta to Atlanta, leaving here at 11:30 p. m., was derailed shortly after midnight at Barnett, a small station. Three cars were overturned. L. M. Hardy, one of the passengers, was slightly hurt. The derailment was caused by the train running into an open switch. A wrecking train left here at 4 o'clock. The track will be cleared in a few hours.

Suspends Public Worship.

Paris, Jan. 9.—In order to punish the Catholics of the Canton of Quend, 70 miles from Amiens, who are proposing to form a cultural association, Mgr. Dizien, the bishop of Amiens, has ordered the withdrawal of the parish priest at Quend, thus compelling the suspension of public worship at that place.

Methodist Minister Drops Dead.

Chattanooga, Tenn., Jan. 9.—Rev. S. H. Turman, of the Methodist Episcopal church, south, fell dead in his door yard at Trenton, Ga., while waiting. He was apparently in the best of health.

CAUCUS IS HELD FOR SUBTREASURY

Georgia Delegation Bolts and Birmingham

WINS THE FIRST DECISION

Atlanta, Birmingham and Savannah Appear Before Ways and Means Committee Early Tuesday Morning.

Washington, D. C., Jan. 9.—Atlanta, Birmingham and Savannah got sub-treasury hearings Tuesday morning before the ways and means committee.

Washington, D. C., Jan. 9.—Birmingham, Ala., was selected as the location for a new sub-treasury by a caucus of southern senators and representatives at the capitol Monday.

Columbia, S. C., and Birmingham, Ala., were the only cities voted upon at the final ballot, and the Alabama city won by a vote of 17 to 16.

The Georgia delegation bolted the caucus and neither Atlanta nor Savannah was voted upon by the caucus, which was attended by representatives of the delegations from the states of Florida, South Carolina, Alabama and Tennessee.

Representative Moon, of Tennessee, first called the caucus to order at 3 o'clock, when nearly fifty senators and representatives were present. Representative Livingston, Senator Clay, Representative Adamson and other Georgians immediately made it known that they did not propose being bound by any action taken by the caucus and urged that no attempt be made to decide the exact city in which the southern representatives desire the sub-treasury located. They also stated that Georgia was not ready to decide how it would cast its vote, and intimated that they would leave the meeting in case their wish was opposed.

It soon became evident that Alabama, South Carolina and Tennessee were ready to act, but after much debating the meeting adjourned until 5 o'clock. The Georgia representatives did not appear at the adjourned meeting and the only names presented to the caucus were Memphis, Birmingham, Nashville, Columbia and Chattanooga.

Alabama voted unbrokenly for Birmingham on all ballots and South Carolina was faithful to Columbia. The Tennessee delegation voted for Memphis, Nashville and Chattanooga, in turn, and then divided its vote between Columbia and Birmingham, thus giving the Alabama city a majority vote.

Only one Florida vote was cast, that of Representative Clark, of Florida, who voted for Columbia on all ballots.

The Georgia delegation insisted that the caucus was not called with any authority, as Secretary Shaw had no right to refer the location of the subtreasury to a caucus. Representative Livingston and other Georgia members also said Secretary Shaw had assured them that South Carolina, Georgia and Alabama were the only states which would have a voice in the location of the new branch of the treasury and before withdrawing from the caucus declared very hotly that assurances given them by the secretary of the treasury had been violated by extending a vote to Tennessee and Florida.

John Temple Graves and Joseph A. McCord presented the claims of Atlanta for the new treasury branch. A. R. Lawton spoke for Savannah, and Former Governor Joseph F. Johnston, of Alabama, urged that Birmingham be given the sub-treasury.

The O'Hara Peonage Case.

Jacksonville, Fla., Jan. 9.—In the peonage case against F. J. O'Hara in the federal court, the examination of government witnesses continues. The principal witness Monday, C. E. Holtzclaw, deputy sheriff of Sanford, told of arresting some of the men employed by O'Hara on complaint of one Thompson, who was connected with O'Hara's business.

SEEK FREEDOM FOR COFFEE.

Man Convicted of Counterfeiting Asks for Pardon.

Atlanta, Jan. 9.—Telegrams from the national capital received in Atlanta Monday night, state that no decision has so far been reached in the case of T. S. Coffee, the imprisoned counterfeiter, the case being reopened by president's instructions.

Coffee was one of a party convicted in the United States court several years ago of uttering and circulating a spurious money note.

Subsequent to the conviction of Coffee and his associates application was made by Hon. T. W. Rucker, Coffee's attorney, for a pardon. The case was brought before President Roosevelt during the month of September and a decree has been anticipated for some days past. Friends in Washington working in Coffee's interest, advised friends in Atlanta that nothing had so far been accomplished.

OPIUM JOINT WAS PULLED.

One Was Operating in Full Blast in Savannah, Ga.

Savannah, Ga., Jan. 9.—A raid was made by the police upon an opium joint that was running full blast at 14 State street, east, in the basement.

Six Chinese were taken in the haul and all were landed in the barracks. Four others had been in the place, but gained an inkling of the prospective raid and made their exit in time to avoid arrest.

The Chinese proprietor had secured the basement only on Saturday last, promising to pay rent by doing the landlady's laundry. She was informed that a hop joint had been set up, and was remonstrating with the Chinese when the police arrived.

Several mon hs ago a similar joint was pulled in Savannah, and it was thought that the practice had been broken up.

Negro Attempted to Assault Woman.

Buford, Ga., Jan. 9.—Jim Carter, a negro, charged with attemp to assault Mrs. McCue, at this place Saturday morning, and made his escape when the woman's screams had frightened him, was captured at Norcross about 3 o'clock Monday as he swung off a freight train. When the news of the capture of the negro reached this place, excitement ran nigh. It was reported that he would be brought to Buford on the train arriving at 3:15 o'clock. A large crowd of determined men met the train and it was the intention undoubtedly to lynch the negro, but the officers, being apprised of the situation, thought it best to take the negro to Lawrenceville from Norcross.

Convict Was Captured.

Macon, Ga., Jan. 9.—While Deputy Dupree Coombs was returning from south Georgia with a white prisoner he had taken in charge for the state prison farm, he captured a negro, Charles White, who had escaped several months ago. The negro went to the train at Unadilla to mail a letter and remained too long. When the officer saw him, he left his own prisoner in charge of a friend and rearrested White. The prisoner, Robinson Crusoe, white, who was in the charge of the officer, had been convicted of stealing a bride's trousseau in south Georgia.

Will Ask Wage Increase.

Chicago, Jan. 9.—Engineers and dredgemen on the Panama canal will appeal to President Roosevelt shortly in the interest of higher wages for themselves. It was announced at the convention of the Associated Union and Steam Shovel and Dredgmen held here Monday that a committee had been appointed to confer with the president on the matter. Resolutions also were adopted to demand a minimum wage rate of $150 a month for engineers and $100 a month for cranemen. H. T. Devitt, of Philadelphia, was elected president.

Appeal for Mrs. Myers.

Kansas City, Kans., Jan. 9.—Judge Phillips, in the United States district court here Monday, allowed an appeal to the United States supreme court from his decision rendered last week when he denied the petition for a writ of habeas corpus in the case of Mrs. Aggie Myers, under sentence of death.

IN WOMAN'S ROOM WAS DEADLY QUARREL

One Person Killed and Three Others Wounded.

TWO OF THE INJURED WILL DIE

Mrs. Lena Weidman, Manicurist, Is Killed, Pauline Ratel, Her Assistant, Shot Through the Head, and Two Men Wounded.

New York, Jan. 9.—Mrs. Lena Weidman, a manicurist, with an establishment in the Hotel Endicott, at Eighty-first street and Columbus avenue, was shot and killed at her apartments in a quarrel in which three other persons were probably mortally wounded.

Mrs. Weidman, who was 36 years of age, was shot twice through the body, and stabbed twice in the neck.

Pauline Ratel, 25 years of age, an assistant to Mrs. Weidman, in the manicuring business, and who lived with her, was shot through the head, and was removed to a hospital in a dying condition.

George Fallon, a florist, with a place of business at Eighty-first street and Columbus avenue, received a bullet wound in the body, and it is said that he will die.

An unidentified man, the fourth member of the party, was cut about the throat.

Fallon was technically placed under arrest, and charged with the shooting, but the police at a late hour had been unable to learn little of the origin of the trouble.

Summer-Like Weather in Gotham.

New York, Jan. 9.—Summer-like weather and humidity Monday made New Yorkers, dressed in heavy winter clothing, uncomfortable. The thermometer ran up to 62 degrees, the highest of any January 7 on record. On the same day a year ago it was 33 degrees and the streets were filled with snow. So far this year, there has been no snowfall of any account. There have been a few light flurries, but the snow quickly disappeared.

Alabama Legislature Convenes.

Montgomery, Ala., Jan. 9.—The biennial session of the Alabama legislature opened at noon Tuesday. Lieutenant Governor Cunningham called the senate to order, and A. M. Tunstall, speaker of the house. H. B. Gray, the new lieutenant governor, will take charge Wednesday, as will W. L. Martin, who will be elected speaker, having no opposition. The governor's message will go to the legislature at noon Wednesday.

Attempted Assasination.

Nashville, Tenn., Jan. 9.—As a result of an attempted assassination Deputy Sheriff A. A. Robinson, of Christian County, Kentucky, has a bullet hole through his hat and his face is badly powder burned. He was attacked by four men near Hopkinsville, one of whom fired at him. He returned the fire and the men disappeared in the woods. Owing to the darkness the officer could not identify the men.

Cold Wave Sweeps Over Luzon.

Manila, Jan. 8.—A cold wave is sweeping over Luzon and the Philippine islands. The thermometer is 55.6 degrees while at Raguio, the capital of the province of Benguet, it is 30. This is the coldest weather ever experienced in the history of Manila. The nearest approach to it, was in 1872, when the temperature was 56.6. The natives are suffering great discomfort as they are unprepared with the proper clothing for the changed weather conditions.

Report Is Not Confirmed.

Tangier, Jan. 9.—The authorities have no confirmation of the report current that Raisuli has been captured by Mountain tribes. Raisuli escaped to the mountains. It is generally believed here that it will be a most difficult matter to effect his capture. Europeans here have received notification not to go beyond the outposts of the town.

LIVELY TIME IN THE MAYOR'S COURT

Animated Scene Followed the Trial of Trio of Plumbers.

AMMONS ASSAULTS TEMBROOK

At Conclusion of the Hearing, Because Tembrook Acted Discourteously and Made Slurring Remarks About Him in Giving His Testimony.

There was an interesting and highly animated mayor's court Wednesday, when the plumbers were arraigned upon various charges, the sequel of the trouble between the members of the craft of the past two days, and the little incident in the justice court of the day before, when R. M. Ammons assaulted T. J. McEvoy for an alleged insult.

Ammons was arraigned before the mayor upon a charge of fighting, having been arrested by Marshal Pinkoson after the fight with McEvoy. McEvoy and Jess Hester, whom it is alleged attempted to intimidate Ammons and run him off a certain job in East Gainesville, were arraigned upon a charge of disorderly conduct.

After hearing the evidence in the case Ammons was fined $10 and costs. Ammons testified that he assaulted McEvoy because the latter called him a foul name, but Tembrook, McEvoy and Hester said no such language was used. Marshal Pinkoson testified to hearing the epithet uttered, but could not say who used the language. Mayor Thomas said that had evidence of defendant been substantiated he would have discharged him. The mayor discharged McEvoy and Tembrook for the reason, he said, that there was no ordinance covering their cases. "While I have not the least doubt but that these defendants did go to the place where Ammons was employed to intimidate him, there has been no evidence introduced here to show that they were disorderly or boisterous," the mayor said. "The proper charge under which these men should be arraigned is 'unlawful assembly,' but inasmuch as there is no ordinance in the city charter to cover such offense, I will be compelled to discharge the defendants."

When the court adjourned and the spectators were filing out of the room, another difficulty occurred between Ammons and Tembrook. They were both immediately arraigned, when Ammons pleaded guilty to fighting, stating that he struck Tembrook because the latter had acted discourteously toward him in court, and made discourteous remarks. He was assessed for this case $10 and costs, while Tembrook, who appeared on the defensive, was discharged.

After the mayor's court McEvoy swore out a peace warrant for Ammons and Justice Colman placed him under bond of $100 to keep the peace.

Ammons was afterwards arrested upon a charge of assault and battery, preferred by McEvoy, which Ammons declares is the same offense to which he has already plead guilty in justice court, and for which he paid a fine.

Ammons was again arraigned, and gave bond for his appearance before Judge Mason's court today.

SANTA FE IS MORAL.

The Holidays Passed Without a Case of Drunkenness—People Too Busy.

Santa Fe, January 7.—A town, village or community without one or two chronic croakers, or persons of pessimistic views, is a wonder; but Santa Fe can boast of not having one of that class, but on the other hand all are optomistic in regard to the future of this community. We have in course of erection two turpentine distilleries, which will be in operation in the near future, and expect to have soon a ginnery and grist mill here, also several business houses in addition to the ones already established. We are looking forward to the time in the near future when the railroad authorities will establish a regular depot here instead of the flag station as it is now.

We have indeed a model community, notwithstanding the large number of laborers that are employed here on public works and on farms. The writer has not seen or heard of even one case of drunkenness or disorderly conduct during the Xmas holidays, owing to the fact that the people here are for law and order, and do not and will not tolerate blind tigers.

W. R. McGregar & Co. have purchased the entire stock of goods in the postoffice building from E. L. Blitch, and will have in the near future one of the most thorough stocks of goods in this part of the county. E. L. Blitch will in the future wield the yard stick for McGregar & Co. in addition to his duties as postmaster.

We can now say "Hello" to you, as we are now in communication by telephone with all points where telephones are established.

Mrs. J. J. Godwin and family, who have been spending a week with her parents, Mr. and Mrs. W. M. Blitch, returned home today.

Capt. Chas. Hinson is on a brief visit to his family at Live Oak this week. He will move here soon with his interesting family.

Capt. W. R. McGregar is having a neat cottage built east of the depot. He will move his family here as soon as the building is completed. Mr. McGregar has a large property interest here and will be a great addition to this fast-growing community. We welcome him.

L. W. Smith of Highland Home, Ala., was prospecting here last week, a guest of W. M. Blitch.

Oat planting and fence-making occupies the attention of the farmers. They are going at it with the usual energy and determination. There will be a large acreage of cotton planted this year in this community if labor can be got to cultivate it. Scarcity of labor is the unsolved problem.

A NEW COMPANY WILL BE FORMED

American Flange Frog and Improvement Railway Company.

LOCAL CAPITAL INTERESTED

The Corporation Will Be Organized Under the Laws of Florida, But Factories Will Be Established in Pittsburg, St. Louis and Birmingham.

One of the largest corporations ever organized in Florida has just applied for a charter. Many Northern and Southern capitalists compose the list of stockholders.

The company will be known as the American Flange Frog and Railway Improvement Company. They own and will manufacture in Pittsburg, St. Louis and Birmingham valuable railway devices which they control and have purchased.

This charter has been applied for by Gainesville parties who are interested. Florida has been chosen as the State in which to incorporate because of its reasonable laws covering corporations.

The charter appears in this issue. The names of Dr. C. B. Strouse, C. W. Chase and E. E. Cannon appear as incorporators.

GUARANTEED STOMACH REMEDY

J. W. McCollum & Co. Will Refund Money if Mi-o-na Fails to Cure.

You may ask why it is that Mi-o-na stomach tablets are sold by J. W. McCollum & Co. under a guarantee to refund the money unless they cure, when no other treatment for stomach troubles is sold in this manner.

The answer is simple and conclusive.

Other medicines for stomach troubles merely digest the food, while Mi-o-na strengthens the whole digestive system so that it soon becomes able to care for all the food that is eaten.

If you do not use your arm or leg for a month the muscles become flabby and weak and you have to resort to artificial help. It is the same way with the stomach muscles. If they are not used, they become so weak that it is necessary to continue using a digestive with the food you eat.

On the other hand, when you use Mi-o-na, your stomach soon grows so strong that you can give up the use of medicine.

Mi-o-na costs 50c a box and does more real good than a dozen boxes of ordinary digestive tablets. The proof of this is shown in the fact that a guarantee, absolute and unqualified, is given by J. W. McCollum & Co. with every box of Mi-o-na.

DUTTON NATIONAL TO BEGIN BUSINESS

New National Bank Has Been Organized With $75,000 Capital.

WILL BE A BIG THING

Bank Was Organized by Dr. Clarence B. Strouse, Who Has Succeeded in Interesting Many More in This Enterprise—Charter Applied For.

Things are looking up in the banking line in Gainesville, as is evidenced by the fact that two new banks have been organized here within the past week, and will be ready for business before the expiration of the next sixty days.

The latest banking enterprise is the organization of a new national bank with a capitalization of $75,000, for which a charter will be applied for at once. The movement of organizing the new bank has been manipulated by Dr. Clarence B. Strouse, who is always active in anything that will tend for the upbuilding of the city and the community.

"While this is to be a national bank, it will at the same time be a people's bank," remarked Dr. Strouse yesterday, in speaking of the venture. "There are no very large stockholders. The small as well as the large capitalists are mutually interested.

"The bank proposes to commence business as soon as the charter being applied for is granted. Because of the special protection to both depositors and stockholders the bank is to be a national bank."

The subscribers have unanimously decided that the name of the new bank shall be the Dutton National Bank, in honor of Col. H. F. Dutton and his associates, who have accomplished so much for this city.

The following is a partial list of the stockholders: C. N. Atkinson, G. K. Broome, Ferdinand Bayer, S. F. Brooks, R. L. Black, E. E. Cannon, C. A. Colclough, E. C. Cobb, H. F. Dutton, Sam Davis, W. S. Dorsey, S. T. Dell, A. M. Dixon, Jos. A. Ettel, L. W. Fennell, J. A. Goodwin, D. L. Graham, L. C. Gracy, W. W. Hampton, J. G. Harrold, A. R. Harper, J. D. Matheson, R. McClellan, Chris. Latest Alachua County Town Rapidly Forging Ahead.

Wilcox is a new town situated in the lower part of Alachua county, one and a half miles from the beautiful Suwannee river. It is on an extension of the Atlantic Coast Line railroad, just nearing completion, from Jacksonville to Perry, Florida. The passenger trains have been running into Wilcox about six weeks.

Wilcox has four stores and a large turpentine retort that employs about fifty operatives. A nice large depot will be erected in the near future. The retort company is also arranging to put in a tram road to Wannee, Florida, at an early date. Several houses are now being erected. The population numbers about one hundred and fifty.

Lying in the Sea Island cotton belt, the soil is admirably adapted to the production of all the crops grown in this section, as well as to the growth of the semi-tropical fruits, vegetables, etc. This land produces from five to twelve hundred pounds of seed (Sea Island) cotton per acre, without any fertilizers whatever being used, and makes from twelve to eighteen bushels of corn per acre without fertilizers.

The future of this part of Florida is full of promise, endowed as it is with a liberal supply of timber, a healthy and comfortable climate, which is free from malaria, and good, pure water. Game and fish abound, making it a veritable hunting paradise. The climate is pleasant the whole year, the winters being mild and the summer heat being relieved by the refreshing sea breezes, as it is only thirty miles from the coast. Brain and energy are what is needed to make this the garden spot of our United States.

Wilcox is about twenty miles from Newberry, twenty-two miles from Bronson, thirty from Alachua and forty from Gainesville, the county-seat of Alachua county.

This is a fine country for all kinds of farming and stock raising, the river swamps furnishing a fine range for an almost unlimited number of stock.

The country surrounding Wilcox is populated with prosperous, hospitable people, engaged in farming and stock raising. A pleasanter, friendlier class of people it would be hard to find, and they are ready to lend their assistance to the upbuilding of this country in every way possible.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all drug stores. Price 50c.

An Enjoyable Occasion.

Mrs. W. L. Hill gave a most delightful "At Home" from 3 to 5 on Tuesday afternoon in honor of her aunt, Mrs W. L. Hill of Winston-Salem, North Carolina, and Mrs. C. B. Strouse of Salem, Virginia.

The guests, numbering in the hundred, were received at the door by Mrs. T. F. McBeath, who passed them to the hostess, who in her own charming manner, introduced them to the guests of honor, then Mrs. H. L. Phifer and Mrs. S. J. Thomas received them in the hall.

Beautiful palms, potted plants and holly adorned the parlor, halls and punch room, while the dining-room was most attractively decorated with palmetto leaves and vines. The table with its fine linen and handsome lace pieces was decorated with maiden-hair ferns, while candles in crystal candlesticks added much to the beauty of the room.

Mrs. C. W. Chase and Mrs. W. R. Thomas served tea and coffee, while the salad course was passed by Mrs. T. W. Shands, Mrs. J. M. Mason and Mrs C. R. Layton, assisted by others.

Most delicious punch was served by Mrs. W. B. Taylor, ably assisted by Misses Hill and DaCosta.

Each guest when leaving thanked Mrs. Hill and her serving party for the delightful hour passed in this attractive home.

How to Prevent Bilious Attacks.

Atlanta's New Mayor.

Atlanta, Jan. 9.—Full of promise, and with the best wishes of hosts of friends, Mayor-elect James G. Woodward left Atlanta, Ga., where he assumed the duties of his office as chief executive of this city Monday night.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Orders Prisoners Transferred.

Columbus, O., Jan. 9.—Orders have been received at the penitentiary from the government for the transfer of Cassie Chadwick and three other women prisoners to the government prison at Moundsville, W. Va., and for the transfer of 18 men prisoners, including four bankers, to the federal prison at Atlanta, Ga.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guranteed at all drug stores. 50c and $1. Trial bottle free.

Hale Nominated for U. S. Senate.

Nashville, Tenn., Jan. 9.—At a joint caucus of the Republican members of the legislature, Congressman Hale, of the second district, was nominated for United States senator over Asbury Wright, the Brownlow candidate. This is, of course, an empty honor.

Why

should your baby suffer? When he is fretful and restless don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M. Johnson.

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway.

BLOOD POISON
CURE YOURSELF AT HOME

Most people who are afflicted with Contagious Blood Poison hesitate to go to a physician for several reasons. In the first place the expense is heavy, and they know that the inevitable treatment will be mercury and potash, strong minerals that act with disastrous effects on the delicate parts of the system, and which do not, after all, really cure the disease. What they want is a reliable treatment that can be taken at home and a perfect cure made of this loathsome disorder without unnecessary exposure or expense. Such a remedy is S. S. S.—it is the only medicine that goes down to the very bottom of the trouble and drives out the last trace of the poison so that there are never any signs of its return. It does not contain a particle of mineral in any form, and after removing the disease from the circulation builds up every part of the system by its fine vegetable tonic properties. S. S. S. attacks the trouble at its head and not only permanently cures the disease for the one afflicted, but so purifies the blood that future offspring is insured against infection. S. S. S. may be taken in the privacy of your home and a perfect cure made of this hateful and loathsome trouble. For the assistance of those who are curing themselves with S. S. S. we have prepared a special book on Contagious Blood Poison which contains instructions of great value to all blood poison sufferers. We will be glad to send a copy of this book free, and if additional instructions or advice is wanted, our physicians will furnish it without charge.

The only way the Republicans will ever revise the tariff is to so juggle the schedules that the rates will be higher, or at least as high as the tariff now in force.

The world is evidently growing better, as far as the drinking habit is concerned, for the water-wagon is not loaded with as many passengers as usual at this season

Don't forget that the patient little woman you call your wife was once your sweetheart. A caress now and then, or a tender word costs so little and means so much to the woman of your choice.

The arbiters of fashion in the French capital have decided that the elbow sleeve must be abandoned. This means the long glove too must go, to the great delight of girls whose arms do not fill out these coverings.

A mountain of salt is one of the natural curiosities of the island of San Domingo. A recent survey showed that the mountain is five miles square at its base and is estimated to contain 90,000,000 tons of salt.

Sheriff Henry Gordon of Marion county has been acquitted of the charge of assault with intent to murder, the evidence showing that he was not mentally responsible for his actions at the time of the assault, as he was suffering from paresis.

The sugar trust was fined $18,000 the other day, but an advance of 1-16 a pound for a week or two produced enough more profit so that sugar trust stock advanced three and one-half per cent. This Republican kind of trust busting is rather hard on the consumers.

The retail liquor license in Atlanta has been increased from $500 to $2,000, the ordinance to that effect having been passed over the mayor's veto by a vote of 18 to 1. The increase will no doubt do away with many of the low dives with which the Gate City has been cursed for years.

There is no doubt that a large per cent of the degradation, disgrace, ruin and crime among the young springs from the habit of night prowling, corner loafing and kindred acts by both sexes in city, town and hamlet all over this broad country. Any person who keeps his or her eyes open knows this.

A lawyers' trust to control fees has been discovered by the grand jury at Danville, Virginia. As the Department of Justice has not yet succeeded in controlling a trust so that it has reduced the prices of its products, the question naturally arises if the government lawyers are part of a trust, for a fellow feeling makes us wondrous kind.

Laboring men have a perfect right to organize for self-protection, to fix scales of wages and hours for a day's work, but they have no right to interfere with other laborers who prefer not to be members of the Union. Union men hurt the course of organized labor when they resort to threats and violence. There is work enough for all, and good workmen can demand and receive good wages.

MANUFACTORIES.

You may take the dullest and most prosaic town and erect within its borders a busy, thriving manufacturing institution, where large numbers of workmen are employed, and a new life is at once imparted to the place. The dull monotony of the past gives way to the sound of the steam whistle and the clangor of the shop. The streets no longer look deserted. People move with an active restlessness in strange contrast to the times when no manufacturing was carried on in their midst. The liveliest towns that we have in this country are those wholly devoted to manufacturing. The dreariest towns, where dry-rot is visible on every hand, are those wherein no workshops are to be found. Manufacturing towns are not only more active, but as a rule they are prosperous, as well as being far more enterprising and affording better social and commercial advantages. The typical manufacturing towns are to be found in New England; in fact the Connecticut river may be said to be lined with them. It is invigorating to the mind, as well as to the sight, to travel through these towns, which justly may be termed "bee hives of industry." An air of thrift and enterprise is everywhere displayed. The proprietors of the industrial institutions, the tradesmen, the artisans and other citizens exhibit every outward indication of that contentment and happiness which arise from a prosperous condition.

There is a reason for this—a social as well as a business reason. First, the presence of workshops and factories in the midst of a community is in itself a source of activity. These institutions, drawing to them daily their scores and their hundreds of workmen, bring life and activity, not for a week, or a month, but as long as they are in operation. But in towns purely commercial there is a too perceptible lack of life and animation. This can be better observed than described. But to one standing in a manufacturing town at the morning hour, at noon, or at night, when the workmen are wending their way to and from work, there need be little said to prove whence the vitality of the town arises.

The proposed imposition of an income tax and an inheritance tax should not worry most people, for but a comparatively small percentage of the population have incomes large enough to be taxed, or expectations of inheritances that will reach taxable proportions. But the tariff tax which protects trusts is constantly getting in its insidious work and daily taking toll from all incomes and reducing the trifle that most people leave to their heirs, and yet the patient American citizen elects representatives to perpetuate this constant drain on his resources and does not even protest against the stand-pat proclivities of a Republican Congress.

A pew in Grace Church, New York City, was sold at public auction a few days since for $3,675. The sale was by order of the New York Life Insurance and Trust Company, as executor of the estate of Francis Jones. The pew is on the north side, middle aisle, about one third from the front. The ground rent is $84 a year. Jesus Christ, for whose worship that church was built, was one of the poorest of men and His gospel was free.

Rev. W. H. Dodge, well known to many people of this city, is now pastor of the Presbyterian church at Ocala. Dr. Dodge is one of the ablest divines in the South and was for years pastor of the First Presbyterian Church at Jacksonville, but for some years he has been residing at Bainbridge, Ga. He will be heartily welcomed back to Florida.

Whenever the Republican leaders see an opportunity to elect a trust magnate to the United States Senate they jump at the opportunity. Simon Guggenheim, the smelting trust magnate, has been elected Senator from Colorado in return for having furnished the necessary boodle to carry the State for the Republican ticket. What is the use of pretending to fight the trusts when whenever possible trust magnates are installed in the most important branch of Congress, where one Senator has more power than four representatives of the people?

A level-headed exchange says: "Learn this one thing—learn it early in life and learn it well, that the man who does not believe as you do is not always a fool. The fact that you hold views not in accord with your neighbor is not proof positive that you are right and he is wrong, nor is it evidence that your neighbor is insincere. If this were not true, then all smart men would belong to one party and all good men to one church. And if all good men belonged to one party and one church they would break up both party and church."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble presses upon the mind, depressing circumstances beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty cent and one dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEGRO SOLDIER UNDER ARREST

For Shooting Captain Macklin at Fort Reno, Oklahoma.

Ft. Reno, Okla., Jan. 9—The finding of a kakhi jacket, one sleeve of which was covered with blood and punctured presumably by a bullet, led to the arrest Monday afternoon of Corporal Knowles, of the Twenty-fifth infantry, negro troops, on the charge of murderously assaulting Captain Edgar B. Macklin, on the night of Dec. 21.

When arrested the negro was found to have a severe flesh wound in the wrist, which he is said to have been treating himself for over three weeks. The wound in the wrist is declared to have been inflicted by the same size bullet as went through the sleeve of the jacket, which bore Knowles' initials.

The jacket which led to Knowles' arrest, was found near the fort on Sunday by two boys in the direction taken by the bloodhounds that followed the trail of Macklin's assailant.

Knowles refuses to talk, and Major Penrose, commanding officer at Fort Reno, refuses to give any information concerning the arrest.

Threatens to Boycott Berlin.

Berlin, Jan. 9.—Kaiser Wilhelm, according to reports now current, has threatened to boycott Berlin if the socialists capture the imperial constituency and live exclusely at Potsdam. Dr. Leo Arens, a young lawyer, is the candidate in the Imperial Constituency, the only metropolitan constituency not captured by the socialists. He ran in the same district in 1903 but was defeated by 466 votes by his present opponent, Herr Kaempf, prominent merchant.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Arrested and Brought Back.

Decatur, Ala., Jan. 9.—Inez Gibson, the state's leading witness in the trial of Clift Way, charged with the murder of Policeman J. Lem Jones, who was under bond to appear against Way, left town. She has been arrested in Birmingham and was brought back and is now in jail here. A jury was drawn Monday to try Way and the examination of witneses commenced Tuesday. The case against Waymond Moore, charged jointly with Way, is set for Thursday.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug stores.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at all drug stores.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines *in a class all by themselves.* They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such *professional* endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

$1,000,000 FOR SAVANNAH.

Georgia City Promised that Sum for Harbor Work.

Washington, Jan. 9—Savannah has been promised $1,000,000 for her harbor improvements. Senator Clay secured a hearing before Chairman Burton, of the house committee on rivers and harbor improvements, for the Savannah delegation. The party was received by Mr. Burton, and after a very brief hearing the chairman of the committee declared that realizing the importance of Savannah as a port, the committee would recommend an appropriation of $1,000,000 for harbor work there. The plan is to make $300,000 immediately available in cash, with an additional appropriation of $700,000 on a contract basis.

The money will be expended according to the plans and specifications of Colonel E. J. Kingman, the engineer in charge of the work. Any modifications or changes recommended by him will be approved.

Chairman Burton stated he would prefer not to mention the specific work which will be undertaken. It is believed, however, that $400,000 will be expended for raising and strengthening the jetties and $1,000,000 for a dredge. W. W. Williamson, who made the statement for the Savannah delegation, called attention to the fact that $2,000,000 of the money appropriated for Savannah had been squandered by the peculations of Captain Oberlin Carter and he simply asked the amount be made good.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Steamer Long Overdue.

New York, Jan. 9.—The steamer Ponce, of the New York and Porto Rico Steamship company, now eight days overdue, was still missing on Tuesday, but Franklin Mooney, general manager of the company, said that a sister ship, the Maracas, which sailed from Trinidad, Dec. 30, was over due and this might be due to her having come across the Ponce in a disabled condition and now having her in tow. If the Maracas should have reached here not later than Monday, and she being not sighted, is taken to strengthen the opinion that the Maracas is helping the Ponce.

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.
